

# Welcome to C/ Antoni Noguera 16, 6 D, 07007 Palma de Mallorca

---

**Welcome! We hope that you will enjoy staying at our apartment.  
It's a good idea to read this information at the beginning of your stay.**

Our contact person in Palma is Mrs. Robbins,  
phone 0034 693 76 70 20, mail: lillemorrobins@gmail.com

- **The apartment:** this is a private home. The apartment from originally the 1950s, has been restored to become a nice and comfortable place to stay. Smoking is not allowed. Sheets and towels included.
- **Power switch:** if power is off when you arrive, or the relay switches at overload, it is turned on in the top box next to the front door.
- **Lock:** When leaving the apartment, and at night, at least 2 of the 3 locks should be locked. Upon departure please lock all 3. Please also lock the terrace door, when leaving the apartment.
- **The keys:**
  1. The small triangular key: street door
  2. The large key / black: upper lock
  3. Then the round key: the bottom lock
  4. And finally the big triangular key: the center lock
- **The terrace:** The railing is new and strong, but not high, so do not lean out over the street. Also prevent children from playing on the terrace. The parasol and cushions are in the guest room. The pergola should be rolled away when the terrace is not used, and should not be put up in windy conditions. It can be very windy up here.. Please bring the cushions indoors at night.
- **Busses:** A one way ticket costs € 2,- per person. Buy a 10-trip ticket in a tobacco shop. Here from C/ de Manacor bus # 14 leaves for Plaza España (from where you can take a train all over the island) and # 7 runs all around the cathedral / plaza Born. The Airport Bus # 1 departs from Plaza España
- **Taxi:** Fono and Tele Taxi: phone 971 200 900 or 971 728 081. (Open 24 hours).
- **Parking:** Parking in any Spanish town is difficult, and in Palma it is as well. Parking in the streets around here is free, *within the white markings*. In the centre of Palma, you park *within the blue markings*, which require parking ticket on week-days from a nearby machine. BUT: There is an underground car park in C/Manacor, right here at the end of Antoni Noguera (under the park), it costs about € 5, -/ a day. That's easier.
- **Kitchen:** As mentioned this is a private home. There is flour and sugar and coffee in the jars. If you use something, please refill. "Mercadona" is an excellent supermarket with a decent selection. "EROSKI" is OK for groceries, - and the largest market of Palma is located within a few hundred meters. Garbage and bottles etc. must be left into the containers in the street. In the

gallery behind the kitchen you will find a vacuum cleaner, and a shopping trolley that you might need.

In the gallery are also the coffee-maker and the cooker for tea-water. Let it stay there, in order not to overload the electricity in the kitchen.

- **Temperature:** There is air conditioning in the bedrooms and a fan in the dining room. There are electric heaters in the apartment. You may use the stove for wood or briquettes in the dining room, but if you do so, the stove must be cleaned afterwards – or an amount will be deducted from your deposit.
- **Hot water:** Water is heated by gas in the gallery behind the kitchen. The water pump provides sufficient pressure to make the water heater operate. You can turn on and turn off the pump, eventually set the timer, but in any case it **MUST** be turned off at night, because of the noise it makes. The water is clean, but has a little taste of chlorine, so drinking water is bought in a supermarket.
- **Hair-dryer:** in the bathroom
- **Iron:** in the guestroom
- **The washing machine:** It is placed in the gallery behind the kitchen.
  - **Internet:** The apartment has wifi / fibernet : **VodafoneCACO** (the code is not published here)  
The router is in the living room to the left of the window. The router must be turned on.
- **Phone:** Alarm 112, police 092, hospital 061, fire 080.
- **The beach:** take the south extension of Antoni Noguera, then first right and first left and straight ahead (total 1 km).
- **Palma center:** turn right at C / Manacor, cross the Avenida, and into the center (about 2 km). There is tourist information at Plaza España and Plaza Born. There are some maps and brochures in the living room.
- **Departure:** at departure, rubbish must be emptied, dishes washed up and put on the stand, and the apartment made generally clean. Our Mrs. Robbins will be there to check. Don't forget to leave the keys.
- Thank you for your stay with us. Have a safe journey home.

Sincerely,

Hanne and Otto-Vilhelm Kaalund
